Our Team

We accomplished ALOT this past year. It took everyone playing their part to make it happen. We are fortunate to have an incredible team of volunteers that carry out the mission of Whispers of Hope to advance the kingdom of God.

It's a privilege to introduce our team to you below. Together, we are Whispers of Hope.

Outreach

A Year in Review

Let's take a look at all that was accomplished!

In 2024, 860 outreach bags were handed out, bringing us to a total of 4,035 bags since we started this journey. One thing exciting about this past year was that we did a trip to Atlanta in July and gave out 100 bags there. We plan on doing that again this year.

This past year, 9 care packages were sent. That makes 35 care packages sent, in addition to the 18 special edition Christmas care packages that went out in 2023, for a grand total of 53 care packages.

18 bibles to incarcerated women since 2021.

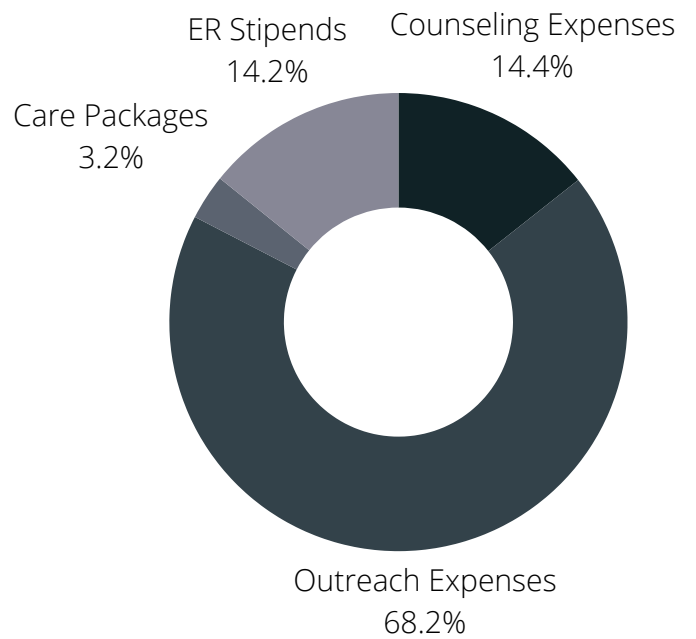

Several times a year, we go in and do church services for incarcerated women. This past year 2 were saved and baptized.

Our podcast published 15 episodes in 2024, making that a total of 54 episodes since our launch in 2022.

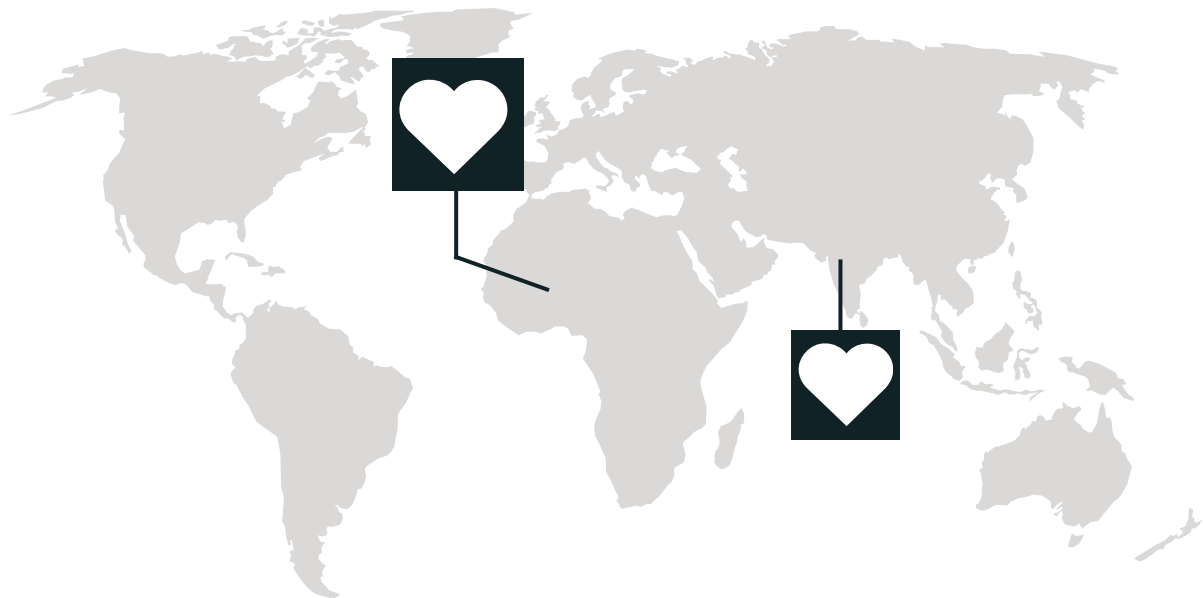

Our annual fundraiser was hosted in Hendersonville, TN by Jo Trawick. It was our "Imperfectly Perfect Pasta Party". The evening was a huge success thanks to Jo Trawick's hard work. Jennifer Tetrick was a liaison to this project as well. 3,000 dollars were raised!

Our annual expenses looked a little like this:

Expenses

A Global Impact

Whispers did what we could to make a global impact in 2024. \$820 was sent to our Sew Hope global partner, Feed My Sheep India, which is aiding in occupational rehabilitation for human trafficking survivors.

Also, our own Jo Trawick went on a mission trip to Africa in 2024. We are very proud.

A New Thing

In 2024, our social enterprise, Whispers of Hope Coffee Company was launched!

We rolled out 4 blends of locally roasted, single origin coffee to bridge the gap in donation lulls. We grossed \$587 in online sales. \$146 was donated right back into the organization.

What Next?

We are thrilled to announce we will be rolling out K cups in 2024.

Hard Working Women

Our outreach team is comprised of 7 women. We are all volunteers. Every dime of donations go to fund our mission.
